

Test Taking

5 Review skipped questions.

6 Guess at the remaining answers.

1 Jot down the info you might forget on the back of your test.

2 Scan the entire test.

3 Answer easy questions first.

4 Skip difficult questions. Read the question two times. If you still don't know the answer, skip it.

7 Review the entire test for:
-misread directions
-careless errors

8 Use all of your test time.
